Total frequencies: 32

1. Jackpot Prize Advertising: Prior to each Drawing, the Party Lottery Directors shall determine the annuitized Jackpot Prize amount to be advertised.
2. Minimum Jackpot Prize: The minimum starting annuitized Jackpot Prize amount and any minimum increases on each successive Jackpot Prize in the same roll cycle will be determined by the Party Lottery Directors.

3. Jackpot Prize Wins: If, in any Drawing, there are no Winning Plays that qualify for the Jackpot Prize category, the portion of the Prize Fund allocated to the Jackpot Prize shall remain in the Jackpot Prize Pool and be added to the amount allocated to the Jackpot Prize category in the next consecutive Drawing.

If the annuitized Jackpot Prize divided by the number of Winning Plays is equal to or greater than one million dollars (\$1,000,000), each Jackpot Prize winner will be paid in thirty (30) graduated payments unless the Prizewinner selects the Cash Option method of payment.

If the annuitized Jackpot Prize divided by the number of Winning Plays is less than one million dollars (\$1,000,000), each Jackpot Prizewinner shall be paid an amount divided equally by the number of Jackpot Prizewinners. Each such Jackpot Prizewinner will be paid in a single cash payment. If the Cash Option is selected, no cash payment will be processed until the Claimant makes an Election by submitting a signed, notarized form irrevocably selecting the Cash Option method of payment.

If the Claimant does not make an Election of the Cash Option by the close of business on the sixtieth (60th) day following the date on which the Claimant first became entitled to the Jackpot Prize, the Claimant shall be paid the Jackpot Prize under the Annual Payout Option.

If multiple Claimants, acting as a group, claim a Jackpot Prize, the Election must be unanimous. If such multiple Claimants are unable to unanimously make an Election, the Prize shall be paid under the Annual Payout Option; however, the smallest annual pre-tax payment for each Claimant will not be less than five thousand one dollars (\$5,001). If there are multiple Claimants acting as a group and the smallest annual pre-tax payment, or the smallest Cash Option payment, for an individual Claimant is less than five thousand one dollars (\$5,001), the multiple Claimants must name a single recipient to whom the Virginia Lottery will issue payment.

- a. Annual Payout Option: The Jackpot Prize shall be paid in thirty (30) consecutive graduated annual installments. The initial payment shall be paid upon completion of the irrevocable Election within the prescribed time period, completion of the internal validation procedures, and after the purchase of the securities to secure the annual payment stream, which will occur within five (5) business days of the completion of the irrevocable Election. The subsequent twenty-nine (29) payments shall escalate by a factor of five (5) percent annually, and be paid annually to coincide with the month of the federal auction date at which the purchased bonds mature. All such payments shall be made within seven (7) days after the actual maturity date.
- b. Cash Option: The Jackpot Prize shall be paid in a cash payment upon completion of internal validation procedures and the Prizewinner's notarized, irrevocable Election within the prescribed time period to receive the Jackpot Prize under the Cash Option method of payment. The Cash Option amount offered will be the Cash Equivalent/Grand Jackpot Prize as established under the **MEGA MILLIONS**[®] multi-state official game rules.

The Prizewinner understands and agrees that the Prizewinner may not receive a payment until approximately seven (7) business days after the Election form is signed.

4. Other Prize Wins: Every Prize of five dollars (\$5.00) through five million dollars (\$5,000,000) shall be paid in one (1) payment.

5. Liability Cap: Should total prize liability for all Party Lotteries, except California which is prohibited from paying fixed prizes, exceed three hundred percent (300%) of sales for all Party Lotteries, except California, for the Drawing OR fifty million dollars (\$50,000,000) plus fifty percent (50%) of sales for all Party Lotteries, except California, for that Drawing (whichever is lower) (hereinafter collectively referred to as the "Liability Cap"), prize amounts in Prize Levels 2 through 9 may become Pari-Mutuel. However, in no event shall the Pari-Mutuel Prize be greater than the stated fixed Prize for that level. The amount to be used for the allocation of such Pari-Mutuel Prizes (hereinafter referred to as the Pari-Mutuel Prize Pool) shall be the Liability Cap less the amount paid for the Jackpot Prize and any excluded fixed Prize Levels, typically prize levels two (2) through nine (9). The Pari-Mutuel Prize Pool shall be allocated to Prize Levels two (2) through three (3) on a Pari-Mutuel basis in accordance with the formula in the **Mega Millions**[®] Finance and Operations Procedures. In addition, fixed Prize Levels may be adjusted based on the provisions included in **the Mega Millions**[®] multi-state official game rules and associated agreements.
6. For purposes of Prize calculation with respect to any Pari-Mutuel Prize other than the Jackpot Prize, the calculation shall be rounded down so that Prizes will be paid in multiples of one dollar (\$1.00).
7. In a single Drawing, a Claimant may win in only one (1) Prize category per single Play and shall be entitled only to the highest Prize for that Winning Play.
8. Withholding from Prizes: State and federal withholding taxes, and any debts subject to the Virginia Setoff Debt Collection Act, shall be withheld from **Mega Millions**[®] Prizes by the Virginia Lottery in such amounts as may be required by law.
